

Reaching Impact, Saturation, and Epidemic Control (RISE):

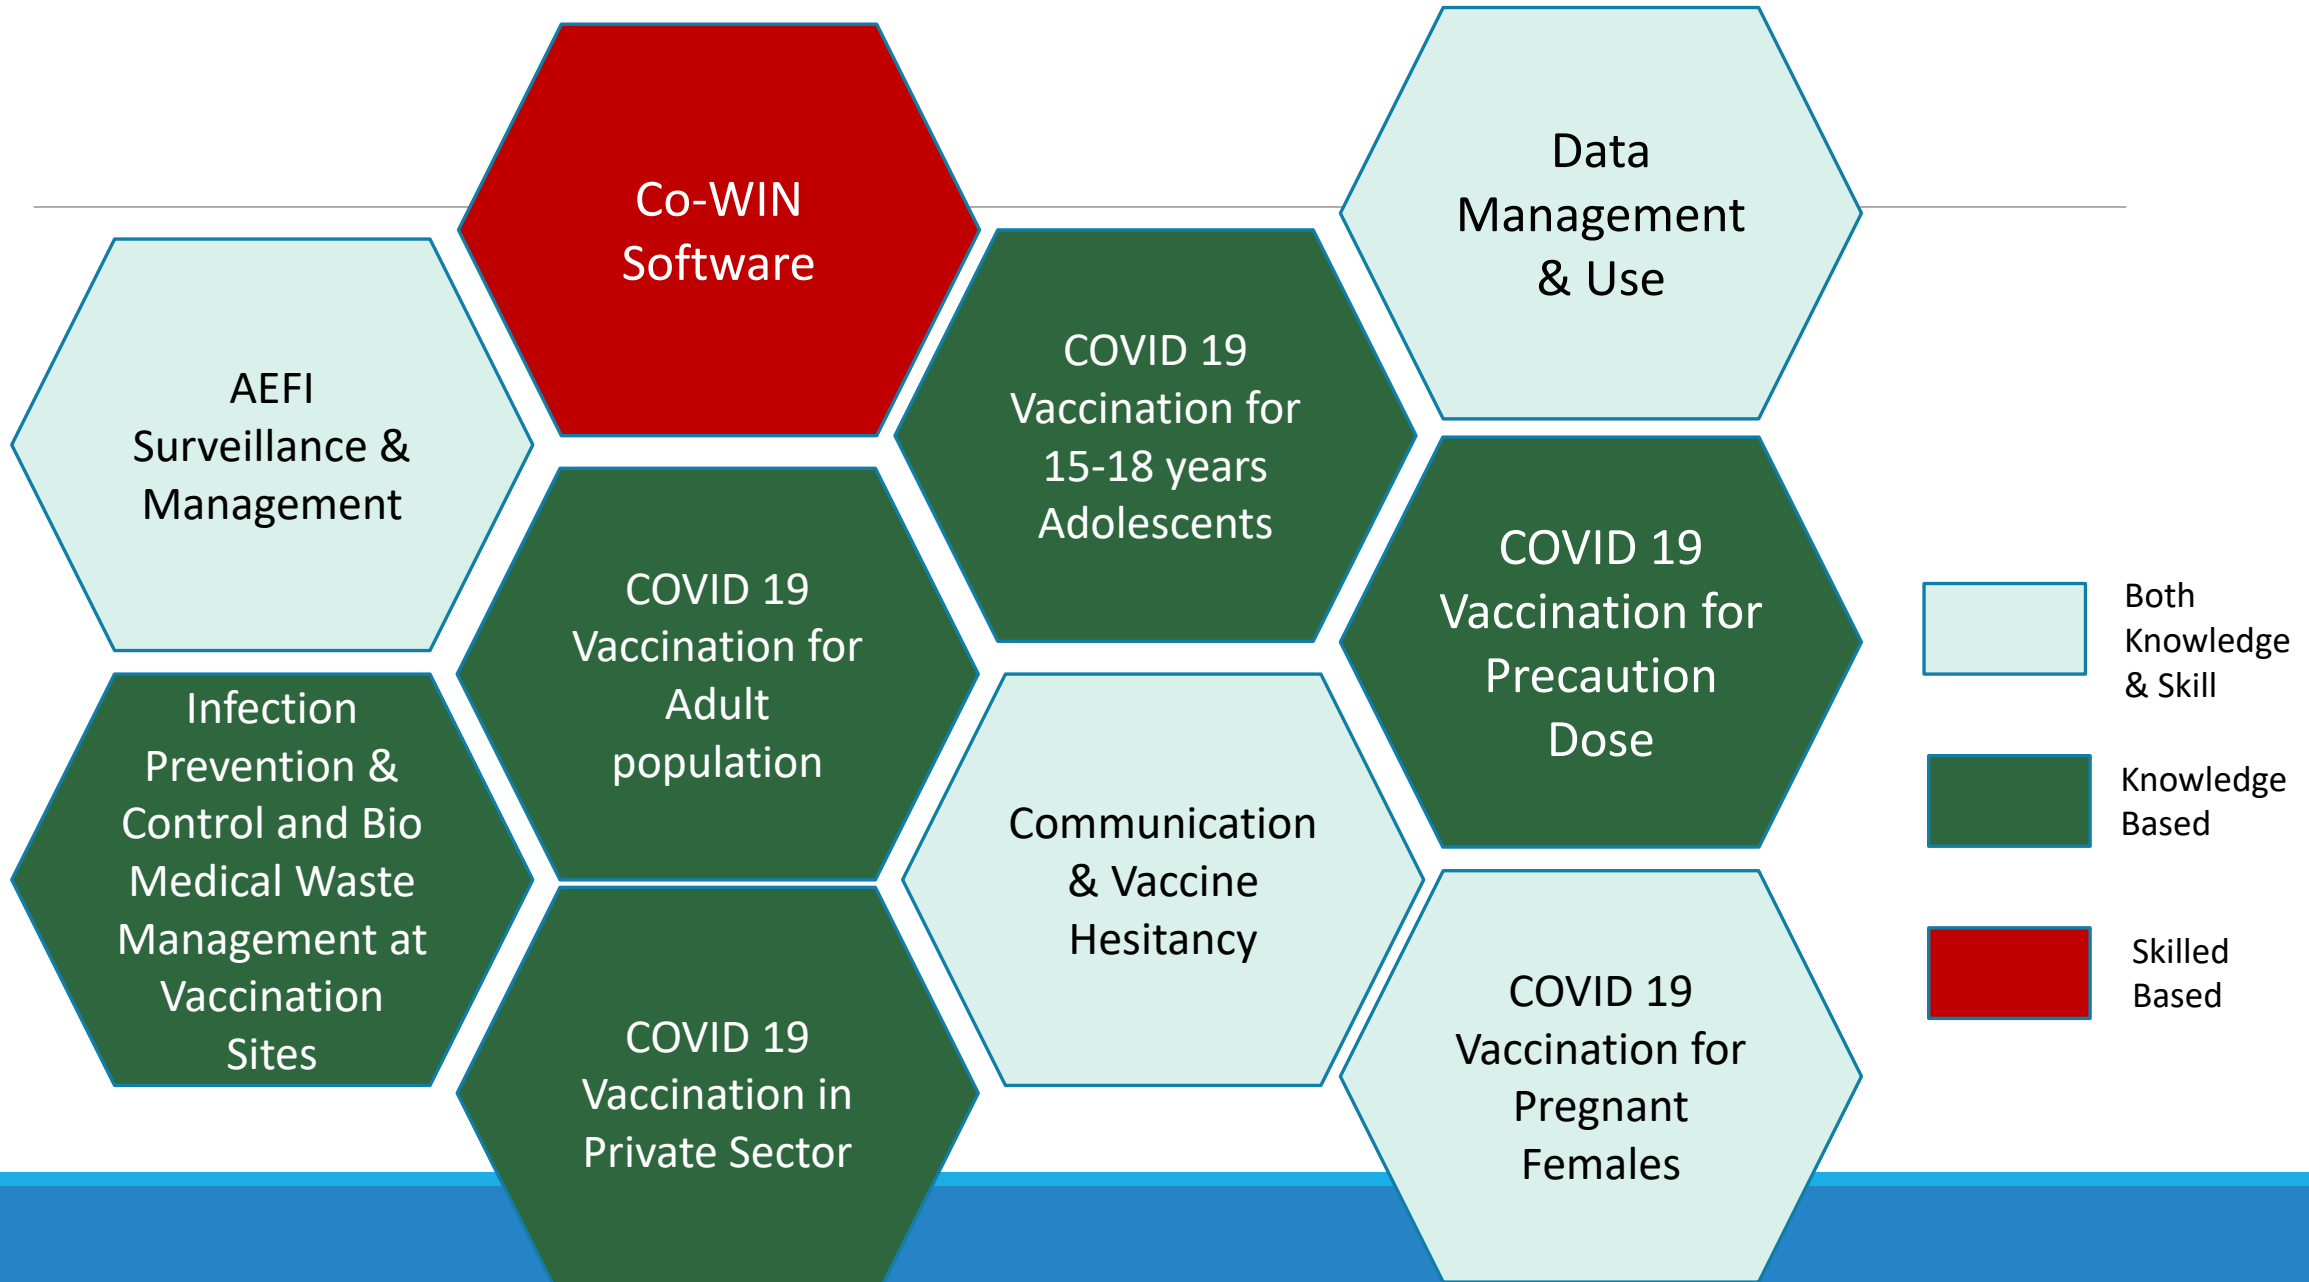

CAPACITY BUILDING FRAMEWORK

CAPACITY BUILDING APPROACH

COVID 19 Vaccination Trainings

COVID 19 Vaccination Training

Topic	Target Persons	Key Learning Objectives	Duration
COVID-19 vaccination Programme for Adult Population	Vaccinators, Medical Officers, Nurses, ANM, ASHAs, etc.	<ul style="list-style-type: none"> Identify different COVID vaccines in use and type of various COVID vaccination Centres Describe COVID vaccination planning process including vaccine and logistics planning Able to accurately describe vaccine registration and recording processes Hands on experience in handling Co-WIN software 	1 hour 20 minutes
Adverse Events Following Immunization- COVID-19 Vaccination	Medical Officers, Nurses, etc.	<ul style="list-style-type: none"> Able to define Adverse Events Following Immunization and distinguish between Minor, Serious & Severe AEFI cases Describe reporting & investigation of AEFI Cases Able to manage Anaphylaxis and use of AEFI kits Describe AEFI committees at each level and Causality assessment 	2 hour
COVID 19 Vaccination for 15-18 years Adolescents	Vaccinators, Medical Officers, Nurses, ANM, ASHAs, etc.	<ul style="list-style-type: none"> Identify different COVID vaccines in use and type of various COVID vaccination Centres Describe COVID vaccination planning process including vaccine and logistics planning Able to accurately describe vaccine registration and recording processes Hands on experience in handling Co-WIN software 	1 hour
Communication Strategy for COVID-19 Vaccination Programme	Communication managers, Medical Officers, ASHAs, etc.	<ul style="list-style-type: none"> Able to enumerate strategies to address vaccine eagerness and vaccine hesitancy Enlist various communication strategies for Covid-19 vaccination programme in India Describe Social media plan for Covid-19 vaccination 	1 hour plus 1 hour for role play
CoWIN Software	Vaccination Officers, verifier, Data entry operator, Medical officers, etc.	<ul style="list-style-type: none"> Distinguish between eVIN & CoWIN Able to Describe various CoWIN registration processes Able to verify beneficiaries for COVID vaccination & record vaccination process Able to download & analyze data from CoWIN dashboard 	1 hour plus 1 hour for demonstration

COVID 19 Vaccination Training

Topic	Target Persons	Key Learning Objectives	Duration
COVID-19 Vaccination of Pregnant & Lactating Women	Vaccinators, Medical Officers, Nurses ANM, ASHAs, etc.	<p>Able to describe rationale & strategies related to Pregnant females vaccination</p> <p>Describe COVID vaccination planning & implementation process for vaccination of pregnant & lactating females</p> <p>Able to counsel pregnant females for Covid-19 vaccination</p>	40 minutes only for Pregnant female vaccination guidelines & 2 hours with Operational guidelines
Data Recording, reporting & use	Data manager, DEO, Medical Officers, etc.	<p>Able to download & analyze data from CoWIN dashboard</p> <p>Able to calculate Vaccine coverage percentage, Vaccine Wastage Rate, etc.</p> <p>Describe the process of vaccination review meetings and enhance use of vaccination data</p> <p>Define data quality and enumerate measures to improve data quality</p>	45 minutes
COVID 19 Vaccination for Precaution Dose	Vaccinators, Medical Officers, Nurses, ANM, ASHAs, etc.	<p>Identify different COVID vaccines in use and type of various COVID vaccination Centres</p> <p>Describe COVID vaccination planning process including vaccine and logistics planning</p> <p>Able to accurately describe vaccine registration and recording processes</p> <p>Hands on experience in handling Co-WIN software</p>	1 hour
Infection Prevention & Control and Bio Medical Waste Management at Vaccination Sites	Vaccinators, Medical Officers, Nurses, ANM, ASHAs, etc.	<p>Able to enlist various infection control and safe injection practices</p> <p>Able to describe Bio medical waste segregation, storage and disposal process for immunization waste</p>	45 minutes
COVID-19 Vaccination in Private Sector	Private Vaccinators, Medical Officers, Nurses ANM, ASHAs, etc.	<p>Able to describe rationale & strategies related to Private Covid-19 Vaccination</p> <p>Describe COVID vaccination planning & implementation process for Private CVCs</p> <p>Able to describe vaccine procurement, supply and distribution process for private sector</p>	40 minutes only for Private CVC guidelines & 2 hour with Operational guidelines

THANK YOU !
