

What is RKN ?

RKN is a multilateral platform established by WHO Collaborating Centre for Emergency and Trauma Care, South-East Asia Region, JPNATC -AIIMS, New Delhi that brings together the stakeholders from a wide range of expertise.

We believe advancement in education and research through sharing of knowledge & best practices across sectors and boundaries can be an effective solution for today's pressing problems in healthcare.

RKN is one of the strong pillars of WHO CCET,SEAR to achieve World Class Emergency Care System across South-East Asia Region.
